ORIGINAL

The effect of cyclopropane, halothane and ether on sympathetic ganglionic transmission 3

By T. J. Biscoe, M.B., B.Sc., and R. A. Millar, M.D., M.Sc., F.F.A.R.C.S., Agricultural Research Council Institute of Animal Physiology, Babraham, Cambridgeshire, England.

Cardiac arrhythmias occurring during halothane anaesthesia in cats 13

By I. F. H. Purchase, Ph.D., B.V.Sc., M.R.C.V.S., School of Veterinary Medicine, Cambridge.

Distribution and excretion of methohexitone in man: a study using gas and thin layer chromatography 23

By I. Sunshine, Ph.D., J. G. Whitwam, M.B., Ch.B., M.R.C.P., F.F.A.R.C.S., W. W. Fike, Ph.D., B. Finkle and J. LeBeau, Cuyahoga County Coroner's Office; Department of Pharmacology and Pathology and Division of Anesthesia, Department of Surgery, School of Medicine, Western Reserve University, Cleveland, Ohio, U.S.A.

Gas chromatography using an internal standard for the estimation of methoxyflurane levels in blood... 29

By B. Wolfson, M.B., Ch.B., F.F.A.R.C.S., F.A.C.A., D.A., H. E. Ciccarelli, M.D., and E. S. Siker, M.D., Department of Anesthesiology, Mercy Hospital, Pittsburgh, Pennsylvania, U.S.A.

Experimental study of emesis with ether and halothane 35

By K. S. Dixit, M.B., B.S., R. P. Badola, D.A., F.F.A.R.C.S., K. Pandey, D.A., and K. P. Bhargava, M.D., Ph.D., Departments of Anaesthesiology and Pharmacology, King George's Medical College, Lucknow, India.

CLINICAL

The elimination of carbon dioxide after total body perfusion 39

By A. Pauca, M.D., and M. K. Sykes, M.A., M.B., B.Chir., F.F.A.R.C.S., D.A., Department of Anaesthesia, Postgraduate Medical School and Hammersmith Hospital, London.

Studies of drugs given before anaesthesia X: Two non-phenothiazine anti-emetics—cyclizine and trimethobenzamide 50

By J. W. Dundee, M.D., Ph.D., F.F.A.R.C.S., F. Halliday, M.B., F.F.A.R.C.S.I., R. M. Nicholl, M.D., F.F.A.R.C.S., and J. Moore, M.D., F.F.A.R.C.S., Department of Anaesthetics, The Queen's University of Belfast, Northern Ireland.

HISTORICAL

A history of nitrous oxide and oxygen anaesthesia. Part IV: Hickman and the "introduction of certain gases into the lungs" 58

By W. D. A. Smith, O.B.E., M.B., B.S., F.F.A.R.C.S., Department of Anaesthesia, Leeds University, Leeds, England.

CASE REPORT

Postoperative laryngeal stridor 73

By F. W. Wittmann, F.F.A.R.C.S., The Royal Hospital, Wolverhampton, England.

APPARATUS

A simple photo-electric method for the estimation of blood loss during surgery 76

By J. F. Mainland, M.B., B.S., F.F.A.R.A.C.S., B.Sc., Department of Anaesthesia and Resuscitation, and Department of Surgery, Monash University; Alfred Hospital, Prahran, Victoria, Australia.

By Margaret M. Clark, M.B., Ch.B., F.F.A.R.C.S., D.A., and M. Swerdlow, M.D., M.Sc., F.F.A.R.C.S., Department of Anaesthesia, Salford Group of Hospitals, Manchester, England.

Ethamsylate and blood loss during dissection tonsillectomy 827

By A. J. Gray, M.B., B.Ch., F F.A.R.C.S., and W. A. Noble, M.B., B.Ch., The Royal Infirmary, Preston, Lancashire, England.

HISTORICAL

A history of nitrous oxide and oxygen anaesthesia. Part VIII: Twenty years of nitrous oxide anaesthesia in Great Britain 831

By W. D. A. Smith, O.B.E., M.B., B.S., F.F.A.R.C.S., Department of Anaesthesia, University of Leeds, England.

CASE REPORTS

Possible interaction between muscle relaxants and the kallikrein-trypsin inactivator Trasylol 838

By G. Chasapakis, M.D., Department of Anaesthesia, Municipal Hospital, and C. Dimas, M.D., Department of Anaesthesia, Hippocration Hospital, Athens, Greece.

PAGE

Some problems encountered in a severe case of tetanus 840

By Margaret M. Clark, M.B., Ch.B., F.F.A.R.C.S., D.A., and J. F. N. Taylor, M.B., B.Chir.(Camb.), D.C.H., M.R.C.P., Burton-on-Trent General Hospital, England.

EDITORIAL

Standard terminology 845

ORIGINAL

Hyperventilation, brain damage and flicker 846

By J. G. Whitwam, M.B., Ch.B., M.R.C.P., F.F.A.R.C.S., R. B. Boettner, M.D., Anita P. Gilger, M.D., and A. S. Littell, Sc.D., Anesthesia and Ophthalmology Services, Department of Surgery and Division of Biometry, Western Reserve University, Cleveland, Ohio, U.S.A.

Rate of rise of alveolar xenon concentration in man 853

By P. Gregory, M.S., R. O. Shargel, A.A.S., E. I. Eger II, M.D., and P. Pollat, Departments of Anesthesia, Cardiovascular Research Institute, and Pharmacology, University of California Medical Center, San Francisco, California, U.S.A

Quality of epidural blockade. II: Influence of physico-chemical factors; hyaluronidase and potassium 857

By P. R. Bromage, M.B., B.S., F.F.A.R.C.S., and M. F. Burfoot, B.M., B.Ch., D.A., Department of Anaesthesia, Royal Victoria Hospital, Montreal, Quebec, Canada.

The effect of various concentrations of nitrous oxide on the 24-hour explanted chick embryo 866

By I. G. Mobbs, G. D. Parbrook, M.B., Ch.B., F.F.A.R.C.S., and J. McKenzie, M.D., Departments of Anaesthetics and Anatomy, University of Aberdeen, Scotland.

Effect of propranolol on catecholamine-induced arrhythmias during nitrous oxide-halothane anaesthesia in the dog 871

By P. L. Sharma, M.B., B.S., M.Sc., Ph.D.(Lond.), Department of Pharmacology, Institute of Postgraduate Medical Education and Research, Chandigarh, India.

PAGE

CLINICAL

Oral premedication in children with trimeprazine; the effect of varying dosage and timing 878

By D. R. Davies, M.B., B.Ch., D.A., and A. Doughty, M.B., F.F.A.R.C.S., D.A., Department of Anaesthetics, Kingston Group of Hospitals, England.

Oral premedication: a study of the sedative effects of Mandrax 886

By W. Norris, M.D., F.F.A.R.C.S., and H. I. A. Nisbet, M.B., Ch.B., F.F.A.R.C.S., D.A., The Royal Infirmary, Glasgow, Scotland.

Studies of drugs given before anaesthesia. XII: A comparison of papaveretum and morphine 891

By W. B. Loan, M.B., F.F.A.R.C.S.I., J. W. Dundee, M.D., Ph.D., F.F.A.R.C.S., and R. S. J. Clarke, M.D., B.Sc., F.F.A.R.C.S., Department of Anaesthetics, The Queen's University of Belfast, Northern Ireland.

A technique of pulmonary ventilation with a nasotracheal tube 901

By G. Jackson Rees, F.F.A.R.C.S., and J. B. Owen-Thomas, F.F.A.R.C.S., Intensive Therapy Unit, Alder Hey Children's Hospital, Liverpool, England.

APPARATUS

A method of disinfecting anaesthetic equipment 907

By M. E. H. Barrow, B.M., B.Ch., F.F.A.R.C.S., and M. J. Meynell, B.Sc., M.D., D.P.H., F.R.C.P., United Birmingham Hospitals, England.

EDITORIAL

Recruitment 911

ORIGINAL

Physiological shunting and deadspace during spontaneous respiration with halothane-oxygen anaesthesia and the influence of intubation on the physiological deadspace 912

By B. E. Marshall, M.B., F.F.A.R.C.S., M.R.C.P., with the technical assistance of Mrs. D. L. Powell, M.A., Department of Anaesthesia, United Cambridge Hospitals.

PAGE

A study of the absorption and stability characteristics of sodium amazolene (Coomassie Blue) individually and in combination with indocyanine green (Cardio Green) 923

By D. D. Michie, Ph.D., and Y. Villarreal, Technology Incorporated, San Antonio, Texas, and U.S. Army Surgical Research Unit, Ft. Sam Houston, Texas, U.S.A.

Detection of neuromuscular block in man: preliminary communication ... 929

By F. R. Berry, M.B., B.S., F.F.A.R.A.C.S., Physiological Laboratory and Department of Anaesthesia, University of Liverpool, England.

Experimental studies on intravenous regional anaesthesia using radioactive lignocaine 936

By S. Cotev, M.D., and G. C. Robin, F.R.C.S., Departments of Anaesthetics and Orthopaedic Surgery, Hadassah University Hospital, Jerusalem, Israel.

CLINICAL

Blood loss from conjunctival wounds: a comparison of halothane and trichloroethylene 941

By F. R. Ellis, M.B., Ch.B., F.F.A.R.C.S., D.R.C.O.G., D.A., Crumpsall Hospital, Manchester, England.

Total anomalous pulmonary venous connection: postoperative pulmonary complications 945

By W. R. Macrae, M.B., Ch.B., F.F.A.R.C.S., and A. H. B. Masson, M.B., Ch.B., F.F.A.R.C.S., Department of Anaesthetics, Royal Infirmary and Edinburgh University, Edinburgh, Scotland.

PAGE

HISTORICAL

A history of nitrous oxide and oxygen anaesthesia. Part IX: The introduction of nitrous oxide and oxygen anaesthesia 950

By W. D. A. Smith, O.B.E., M.B., B.S., F.F.A.R.C.S., Department of Anaesthesia, Leeds University, Leeds, England.

PHYSICS

Physics applied to anaesthesia. VII: Physical optics, photometry and spectrophotometry 964

By D. W. Hill, M.Sc., Ph.D., D.Inst.P., M.I.E.E., Research Department of Anaesthetics, Royal College of Surgeons of England, London.

CASE REPORT

Massive pulmonary collapse during thoracotomy 973

By D. D. Imrie, F.F.A.R.C.S., R. M. A. McClelland, F.F.A.R.C.S., and W. B. Shardlow, F.F.A.R.C.S., Department of Anaesthetics, The Welsh National School of Medicine, Cardiff.

APPARATUS

Some observations on the function of the Bird Mark 8 ventilator 977

By J. C. Stoddart, M.D., F.F.A.R.C.S., Department of Anaesthetics, Royal Victoria Infirmary, Newcastle-upon-Tyne, England.

EDITORIAL EXECUTIVE COMMITTEE

Editor of General Issues

*J. E. RIDING, *Consultant Anaesthetist, United Liverpool Hospitals; Demonstrator in the Department of Anaesthesia, University of Liverpool*

Editor of Postgraduate Educational Issues

*A. R. HUNTER, *Consultant Anaesthetist, Manchester Royal Infirmary*

Editorial Assistant

G. H. BUSH, *Consultant Anaesthetist, Alder Hey Children's Hospital, Liverpool*

Consultant Editors

*J. W. DUNDEE, *Professor of Anaesthesia, Queen's University of Belfast, Northern Ireland*
*T. CECIL GRAY, *Professor of Anaesthesia, University of Liverpool*
*R. A. MILLAR, *Consultant Anaesthetist, The United Cambridge Hospitals*
*W. W. MUSHIN, *Professor of Anaesthetics, Welsh National School of Medicine, Wales*
*J. F. NUNN, *Professor of Anaesthesia, University of Leeds*
J. P. PAYNE, *British Oxygen Research Professor of Anaesthetics, Royal College of Surgeons of England*
J. G. ROBSON, *Professor of Anaesthetics, University of London, Postgraduate Medical School*
*A. CRAMPTON SMITH, *Nuffield Professor of Anaesthetics, Oxford University*

Honorary Treasurer

A. R. HUNTER, *Consultant Anaesthetist, Manchester Royal Infirmary*

*In addition to those individuals on the EDITORIAL EXECUTIVE COMMITTEE whose names are marked with an asterisk, the following are members of the BOARD OF MANAGEMENT AND PROPRIETORS:

M. H. ARMSTRONG DAVISON, *Consultant Anaesthetist, The United Newcastle upon Tyne Teaching Hospitals*
E. FALKNER HILL (Chairman), *Late Senior Anaesthetist, Manchester Royal Infirmary*
R. C. LAWRENCE, *formerly Consultant Anaesthetist, United Leeds Hospitals*
T. J. C. MACDONALD, *Consultant Anaesthetist, Aberdeen Royal Infirmary*
A. G. MILLER, *Consultant Anaesthetist, Western Infirmary, Glasgow*
R. J. MINNITT, *Late Senior Honorary Anaesthetist, Royal Liverpool United Hospitals*
H. H. PINKERTON, *Joint Lecturer in Anaesthetics, University of Glasgow, Scotland*
H. Q. O. WHEELER, *Consultant Anaesthetist, Department of Neurological Surgery, General Hospital, Sunderland*
W. D. WYLIE, *Consultant Anaesthetist, St. Thomas's Hospital, London*

Papers for publication and all editorial communications should be addressed to either of the Editors at 48–50 Bedford Street North, Liverpool, 7. Business communications should be addressed to the publishers: JOHN SHERRATT AND SON LTD., Park Road, Altrincham, Cheshire. Published monthly.
